

List of kits being discontinued.

Part number	Kit name	Notes
<b>3302-A01</b>	Ovation Pico WTA System V2	
<b>3403-60</b>	Ovation FFPE WTA System	
<b>4200-60</b>	Encore™ Biotin Module	
<b>4200-A01</b>	Encore Biotin Module	
<b>0414-32</b>	TrueMethyl oxBS Module	
<b>0541-32</b>	Ultralow Methyl-Seq™ with TrueMethyl oxBS	Not available for last order
<b>9513-A01</b>	Ultralow Methyl-Seq with TrueMethyl oxBS	Not available for last order
<b>0553-32</b>	Ovation RRBS Methyl-Seq System with TrueMethyl oxBS	Not available for last order
<b>9522-A01</b>	Ovation RRBS Methyl-Seq System with TrueMethyl oxBS	Not available for last order
<b>0500-32</b>	Ovation Solo RNA-Seq, Human	Not available for last order
<b>0500-96</b>	Ovation Solo RNA-Seq, Human	
<b>0501-32</b>	Ovation Solo RNA-Seq, Mouse	Not available for last order
<b>0501-96</b>	Ovation Solo RNA-Seq, Mouse	
<b>0516-32</b>	Ovation Solo RNA-Seq, custom AD	Not available for last order
<b>0516-96</b>	Ovation Solo RNA-Seq, custom AD	
<b>30238472</b>	Celero™ DNA-Seq Enz Core Module (24 rxns)	The 96-rxn version of this kit will continue to be available.
<b>30238473</b>	Celero™ DNA-Seq Mech Core Module (24 rxns)	The 96-rxn version of this kit will continue to be available.
<b>30238474</b>	10 nt UDI-A 24-Plex Adaptor Plate	The 96-rxn version of this kit will continue to be available.
<b>30238475</b>	NuQuant® NGS Library Quantification Module (24 rxns)	The 96-rxn version of this kit will continue to be available.
<b>0520-24</b>	Universal Plus™ mRNA-Seq with NuQuant®	The 96-rxn version of this kit will continue to be available.
<b>30245378</b>	Universal Plus mRNA-Seq with NuQuant, Human globin AnyDeplete	The 96-rxn version of this kit will continue to be available.
<b>0522-24</b>	Universal Plus mRNA-Seq with NuQuant, custom AnyDeplete	The 96-rxn version of this kit will continue to be available.
<b>9156-24</b>	Universal Plus Total RNA Seq with NuQuant, Human AnyDeplete	The 96-rxn version of this kit will continue to be available.
<b>9157-24</b>	Universal Plus Total RNA Seq with NuQuant, Mouse AnyDeplete	The 96-rxn version of this kit will continue to be available.
<b>9158-24</b>	Universal Plus Total RNA Seq with NuQuant, Custom Any Deplete	The 96-rxn version of this kit will continue to be available.
